ARCHiPROD®

STEEL & GLASS
INTERNAL DOORS

Welcome to ARCHiPROD,

Creating Dynamic Spaces

We specialise in creating quality bespoke solutions for any space, whether its a luxury residential property or the latest commercial development.

**FERRO
PORTE**

STEEL & GLASS INTERNAL DOORS

Our exciting range of contemporary steel and glass internal doors creates a minimalist look, with heritage styling.

The slim profile sections and glass panels allow plenty of natural light to pass through the interior of a room whilst also providing inner vision.

Every product can be perfectly tailored to suit your exciting project and to meet your exact requirements. Every detail has its own place and special purpose.

The love of perfection is shown in the selection of our high quality materials. Only the best makes the grade.

A personal design service

Our skilled and experienced craftsmen can create bold and beautiful bespoke products to suit your designs. We can also develop unique and personalised designs for you, through an engaging design development process. So, whether it's a new concept, influenced by you, or a level of personalisation, our expertise and design flair can help realise your aspirations.

We can work closely alongside interior designers and architects to help bring your vision and ideas to life. We can help elaborate on your ideas, amalgamating different products to create cohesion and a symphony of texture, style and patterns throughout your project.

Creating Dynamic Spaces

Our bespoke 'Ferro Porte' Steel & Glass Internal Doors look simply beautiful. The slim profile sections create a minimalist look with contemporary / heritage styling. All designs allow plenty of natural light to pass through the interior of a room whilst also providing inner vision.

Every door set is made to order, perfectly tailored to suit your exciting project and to meet your design requirements. Our creative door designs will enhance the feeling of elegance and sophistication within any luxury home or commercial premises.

We will find design solutions to suit any size or space, and discuss the best options for partitions and dividing walls.

M115 DOUBLE DOORS WITH FIXED SCREEN

DESIGN & SPECIFICATION

Every ARCHIPROD door set is made to order and engineered with complete precision. Doors are pre-hung in the factory for perfect alignment and closure with CNC engineering of fittings and ironmongery for high performance and easy operation. Strong and durable steel fabrication. Door frames, stiles and rails are steel construction, 20-40mm x 40-50mm profiles, dependent on configuration and specification, with 15mm wide glazing beads.

Every ARCHIPROD door set is 'made to measure' and can be specified in traditional sizes, or larger sizes, such as 'floor to ceiling', together with a choice of fanlights, sidelights or fixed screens. Our door leaf sizes range between: 1960mm - 2400mm height, and 610mm -1500mm width, with fixed screens up to 3000mm height.

M104 [CUSTOM] - PIVOT & SLIDE DOOR SYSTEM

DOOR CONFIGURATIONS

- * Hinged Doors
- * Sliding Doors
- * Pocket Doors
- * Bi-fold Doors
- * Pivot & Slide Doors
- * Floor to Ceiling Doors

OPTIONS

- * Sidelights
- * Fanlights
- * Fixed Screens
- * Partitions
- * Dividing Walls

Our Pivot & Slide' door system opens as a single door, double door or multiple doors, whilst sliding back to be stackable at each side, taking up minimal space. When closed, the entire door acts as a dividing wall.

M105 [CUSTOM] - DOUBLE DOORS WITH SIDELIGHTS

PREMIUM FEATURES & OPTIONS

Every door set includes magnetic latches and flexible door seals for soft closure. Standard hinges are visible, colour matched to the door finish. Concealed hinges can be specified, hidden within the door return, for clean lines and a minimalistic look.

FIRE RATED DOORS [FD30]

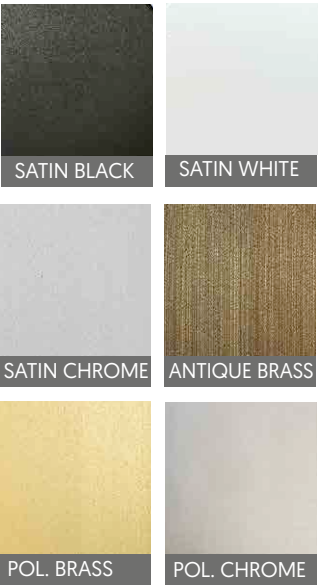

FD30 Fire Rated Doors can be specified for any door style, including doors with our Pocket Door System. Concealed hinges will be fitted for compliance.

LATCHES & LATCH BOXES

Our range of handles without a rose [LH701, LH702,LH703] are designed to blend seamlessly with the slim profiles. Latch boxes can be added to any door, for styling or to accommodate door lever handles with a rose, and/or a key or bathroom lock. Latch boxes are generally 180mm deep x 100mm width, according to the door design.

Double doors have rebated leading edges, fitted with pre-installed shoot bolts, as standard. Double doors requiring a lever handle on each door will also require latch boxes.

CONCEALED HINGE
STANDARD COLOURS

M101 DOUBLE DOORS WITH SIDELIGHTS - AGED BRONZE

EXTENSIVE CHOICE OF DOOR LEVER HANDLES

Choosing the correct door handle will add the perfect finishing touch to any room and complete your interior design. We offer an extensive range of elegant door handles and door knobs in various finishes to create the look you desire. Thumb turns, escutcheons and cylinder sets can be specified, as required.

PULL BAR HANDLES

Round or Square Pull Bar Handles can be incorporated within our door designs, to suit our slimmest profile sections, for a minimalistic look, matching the colour of the frame.

GLASS SPECIFICATION

Glass is 6mm Clear Safety Toughened Glass as standard. We also offer a choice of glass options, including Extra Clear, Fluted or Reeded Glass, Tinted, Smoked, Mirrored, Frosted or Sandblasted Motif Patterns, Laminated Glass (4+4mm), Fire Rated Glass (7mm) and Acoustic Glass (9.5mm).

PAINTED FINISHES

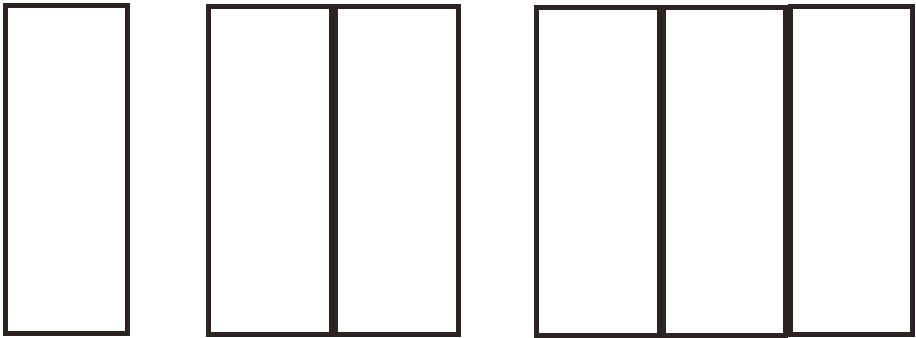

We powder coat our doors in a range of standard RAL colours, in either a textured or matt finish. We also offer a standard range of painted colours in patinated, matt and gloss finishes, to create your perfect style.

FERRO PORTE M100

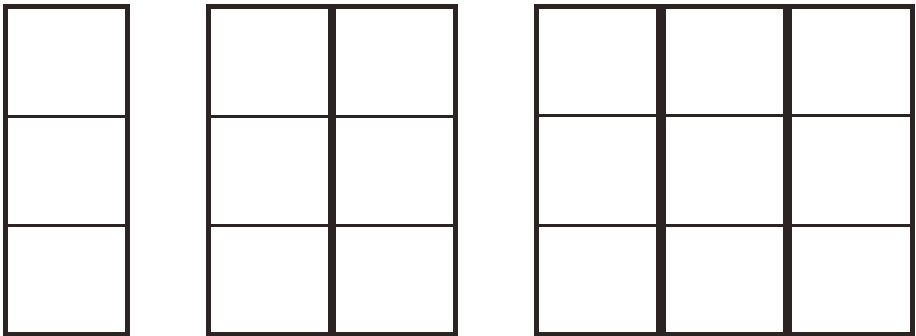

The M100 glazed door is characterised by slim steel profiles to give a modern contemporary look with heritage styling. The design incorporates a clear glass panel within the frame.

Creating dynamic spaces

We work closely with customers, interior designers, architects and contractors to provide a fully bespoke service for residential and commercial staircases. With our endless design possibilities we can also offer colour cohesion across our product range.

Our highly experienced project management team provides each of our clients with a highly personal service to suit the specific requirements of design, quality, specification, budget and installation. We can advise and help complement your project, selecting products that will enhance, add value and exude quality.

Our expertise, fast response and enthusiasm are key to delivering products on time. Our production team provides meticulous control over manufacturing, attention to detail and installation. Ultimately, we thrive to deliver unique and exciting design solutions to maximise the success of your project.
